## DETAILED ACTION

### *Response to Arguments*

1. Applicant's arguments filed November 24, 2009 have been fully considered and are persuasive. Applicant notes their foreign priority of March 5, 2002. As Yamaguchi was published however on October 17, 2002, which is more than a year before the US filing date of September 3, 2004, initially the examiner did not believe the priority date applied, as initially this was seen as a 102 (b) reference. However, Examiner notes that Applicant also filed a **PCT application on March 3, 2003**. This PCT application **designated the US**. Therefore, Examiner accepts the date of March 3, 2003 as the US filing date. Therefore, indeed the Yamaguchi reference is no longer a 102 (b) reference, and the 103 (c) shield applies. Therefore, the previous rejection under Yamaguchi is hereby withdrawn.

### *Allowable Subject Matter*

2. **Claims 1-12** are allowed.
3. The following is an examiner's statement of reasons for allowance: As noted above, the Applicant has an effective US filing date of **March 3, 2003** on account of the benefit of the PCT filing date, which designated the US. Thereby, the most relevant art the examiner prior noted, Yamaguchi (US 20020149621) does not qualify as prior art in

view of **common assignment** at the time of the application. Examiner notes three other references of particular interest, which again do not qualify as prior art, again due to common ownership: US 20020054017; US 20040027793; and US 20020054151. The following references are also noted as items of interest, but do not disclose, teach, or fairly suggest the subject matter of the independent claims: US 7295187 B2; US 6593914 B1 (note that though claimed material appears similar, fig. 2 or 4 of US 6593914 B1 indicates a different functionality than that indicated by the drawings in the present application); US 6587091 B2; and US 6697050 B1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
